IN THE DRAWINGS:

Applicant has provided herewith proposed drawing changes as permitted by the Examiner. These changes include clarification of the surfaces intended to be designated by reference numerals "12" and "22", namely that "12" (not 10) designates the outer surface of the shaft 10, while "22" designates the inner surface of the sleeve 20, as indicated in red on the attached drawing. Favorable consideration and entry of such changes is requested.
